Insurance Business Canada Elite Brokers, issue 6.03

For the sixth year in a row, Insurance Business Canada is singling out the best-performing insurance professionals from around the country. These 31 insurance brokers collectively earned more than \$38 million in commission revenue last year, and more than half of them (64%) crossed the \$1 million mark.

While the majority of this year's Elite Brokers are veterans with more than 10 years experience in the industry; the 2018 class also contains a few rookies who have proved that impressive results can be achieved in just a few short years.
