About the KGH Foundation

At the KGH Foundation, we mobilize people and resources to bring world class health care close to home. Our community plays a pivotal role in this mission, helping us set a new standard for proactive, inclusive, accessible health care for regional communities across the nation. Your generous support amplifies our efforts in crucial areas, notably in cancer care and at JoeAnna's House.

Cancer touches us all. Your support provides us the opportunity to work together and shape the future of cancer care at KGH, specifically the diagnosis and primary treatment of cancers – breast, prostate, pancreatic, brain, stomach, colon... and many more – that affect so many of us and our loved ones.

JoeAnna's House stands as a beacon of comfort, offering a home away from home for families needing to stay close to their loved ones receiving care at Kelowna General Hospital. Your sponsorship helps keep the doors open and the welcome warm, alleviating the emotional and financial burden for families during critical times.

Together, we are not just changing health care; we are changing lives. Thank you for being a part of this transformative journey.

Lloyd Sadd Charity Tournament

On September 26, 2024, Lloyd Sadd proudly hosted the first-ever Lloyd Sadd Charity Tournament in Kelowna, bringing together over 75 golfers in support of the KGH Foundation. Thanks to the incredible generosity of our participants, sponsors, and supporters, the event was a tremendous success—raising more than \$30,000 for this important cause.

Building on that momentum, we are excited to bring the tournament back for another year! With even greater ambitions for fundraising and community impact, we look forward to an unforgettable event that continues to support the critical work of the KGH Foundation while bringing people together for a great day of golf and giving back.

All funds raised will directly support the KGH Foundation and their mission of building the bridge between a generous community and advancing excellence in health care in the interior of BC
